

# NRA Basic Metallic Cartridge Reloading Course

**DESCRIPTION:** This course teaches beginning reloaders - or those interested in reloading - the basic Knowledge, Skills, and Attitude necessary to safely reload metallic cartridges. This full-day class is not a live-fire course; no shooting is involved and no firearms are permitted in the classroom for reloading classes. Do not bring any firearms or ammunition. Each student is taught reloading safety; centerfire cartridge components; using the reloading manual and reloading data; equipment; and the metallic cartridge reloading process. Students receive the NRA Guide to Reloading handbook, the Basic Reloading Student Exam, a course completion certificate, NRA Gun Safety Rules brochure and a Basic Firearm Training Program brochure. Students will reload a .45acp and a .308 cartridge to take home.

**WHO MAY ATTEND:** Safe and responsible individuals, ages 16 and older who possess basic knowledge of common firearms and ammunition. If you are not legally able to possess a firearm or ammunition, do not register for this course. Any student under the age of 18 must be accompanied by a parent or legal guardian who also registers for the course (make sure there are enough spaces open in the class before registering, to accommodate this requirement) OR must have express written consent to attend, signed by a parent or legal guardian. Space is limited. Pregnant or nursing women should consult with a physician in regards to handling ammunition components before registering for this course.

**INSTRUCTOR(S):** This class is taught by NRA certified Metallic Reloading Instructor.

**COST:** \$100 (For members of the VFW (with valid ID), \$75... Limit of 6 participants.

Registration for the course is at the NRA Training site.
